AGU PAUL

ˋShomolu, Lagos, Nigeria **(**+234)9075445871, Paulagu2019@gmail.com

PROFESSIONAL SUMMARY

Driven Website Developer with a proven track record at Complete Computer Institute(C.C.I) Specializes in optimizing website performance and enhancing user engagement through expert use of HTML, CSS, and JavaScript. Known for strong problem-solving abilities and a commitment to best practices, consistently improving web functionalities and collaborating in code reviews. Passionate about delivering seamless user experiences and continuously refining web applications for optimal performance.

SKILLS

- JavaScript
- Interpersonal skill
- Risk Management
- Debugging

- PHP
- Time Management skills
- Sound Decision Making and Judgement.
- Excellent presentation skills

PROFESSIONAL AFFILIATIONS

- IT Troubleshooting

EDUCATION

Ambrose Alli University   **Dec 2019 - Nov 2024**

Bachelor of Science – Physics

PROFESSIONAL EXPERIENCE

Website/ Front-End developer, Complete Computer Institute (C.C.I)   **Jul 2024 – Present**

- Collaborated in code reviews to ensure code quality and best practices, actively contributing to team discussions and enhancing programming skills.
- Optimized website performance, identifying and fixing bottlenecks through efficient coding practices and regular debugging, ensuring fast load times and seamless user experience.
- Developed responsive and visually appealing web pages using HTML, CSS, and JavaScript, improving user engagement across various devices and screen sizes.
- Implemented interactive features using JavaScript, such as form validation, dynamic content, and animations, to enhance user experience and functionality.
- Collaborated with design and back-end teams to ensure the smooth integration of front-end components with

back-end services and databases.

- Contributed to the maintenance and updating of existing websites, improving accessibility, usability, and overall performance based on user feedback and analytics.

- Followed agile development practices, participating in sprint planning, daily stand-ups, and retrospective meetings to ensure timely delivery of projects and continuous improvement.

- Stayed updated with the latest front-end technologies and trends, incorporating new tools and frameworks to improve development efficiency and user experience.

INTERNSHIP

Nigeria Television Authority   **Nov 2022 – Apr 2023**

- Assisted engineering staff in daily tasks, streamlining workflows and reducing the workload on senior team members, which allowed for greater focus on complex and higher-priority tasks.

- Gained hands-on experience under the guidance of Engr. Mr. osayande, the head of department in TV road branch, applying theoretical knowledge to real-world practices, including transmission, different types of cables, and work tools.

- Collaborated with fellow interns on group projects and presentations, contributing to department reports, data analysis, and findings, which helped to improve the team's overall performance and knowledge sharing.

- Maintained and organized engineering equipment and materials, ensuring all tools were properly organized, cataloged, and available for use, improving the overall efficiency of the engineering department.

- Assisted in research projects, contributing to the collection, preparation, and processing of satellite dash for transmission, gaining insight into the field.

- Developed strong communication and teamwork skills by working closely with engineering staffs , researchers, and other interns to ensure smooth daily operations.

- Ensured strict adherence to health and safety protocols, including the wearing of element during operations and other precaution during the cause of operation,   to maintain safe environment for work.
